(b) A general permit issued under this subsection is valid for a period of 5 years except that an activity that the department determines is authorized by a general permit remains authorized under the permit until the activity is completed. The department may renew or modify a general permit issued under this subsection.

(c) To ensure that the cumulative adverse environmental impact of the activities authorized by a general permit is insignificant and that the issuance of the general permit will not injure public rights or interests, cause environmental pollution, as defined in s. 299.01 (4), or result in material injury to the rights of any riparian

The federal agency sponsoring the activity may file the application on behalf of the person wishing to proceed with the activity, if the person authorizes the federal agency to do so. The notification shall provide information describing the activity in order to allow the department to determine whether the activity is authorized by the general permit and shall give the department consent to enter and inspect the site, subject to s. 30.291. The department may make a request for additional information one time during the 15-day period. If the department makes a request for additional information, the 15-day period is tolled from the date the request for additional information is received until the date on which the department receives the information.

(b) If within 15 days after a notification under par. (a) is submitted to the department the department does not require any additional information about the activity that is subject to the notification and does not inform the person wishing to proceed with the activity or the federal agency sponsoring the activity that an individual permit

will be required, the activity will be considered to be authorized under the general permit and the activity may proceed without further notice, hearing, permit, or approval if the activity is carried out in compliance with all of the conditions of the general permit.

(6) INDIVIDUAL PERMIT IN LIEU OF GENERAL PERMIT. (a) The department may decide to require a person who has applied under sub. (5) for authority to proceed with an activity under a general permit to apply for and be issued an individual permit if any of the following applies:

1. The department determines that the proposed activity is not authorized under the general permit.

2. The department has conducted an investigation and visited the site and has determined that conditions specific to the site require restrictions on the activity in order to prevent significant adverse impacts to the public rights and interest, environmental pollution, as defined in s. 299.01 (4), or material injury to the riparian rights of any riparian owner.

(b) A decision by the department to require an individual permit under this subsection shall be in writing.

(8) FAILURE TO FOLLOW PROCEDURAL REQUIREMENTS. Failure of the person authorized to proceed under the general permit, or the federal agency that sponsored the activity, to follow the procedural requirements of this section may result in forfeiture but may not, by itself, result in abatement of the activity.

(9) REQUEST FOR INDIVIDUAL PERMIT. A person wishing to proceed with an activity for which a general permit has been issued may request an individual permit under the applicable provisions of this chapter or ch. 31 in lieu of seeking authorization under the general permit.

**SECTION 2.** 30.298 (3) of the statutes is amended to read:
